About this invoice

Your Monthly Charges

Our charges are monthly payments in return for a monthly mobile broadband price plan. You will be charged monthly in advance of your plan. If you exceed your monthly plan allowance, a charge will be displayed under Overage. Occasionally, some data sessions made in the billing period will not be available when we prepare your bill. These data sessions will be included on a later bill.

Payment Card Authority

The total due of each bill is charged to your nominated card on or the next working day from the due date. We accept Visa, MasterCard and American Express.

What is Pro-Rata?

Pro-Rata charges mean that your plan is billed in proportion to the number of days it has been connected. They are calculated by dividing the cost of your plan by the number of days in the full billing cycle multiplied by the number of days connected to the plan. Pro-rata charges commonly occur on your first invoice, or where a plan change has taken place mid-month.

GST

All total amounts due are inclusive of GST where applicable.
