Critical Information Summary

Limitations

It is not possible to make voice calls or send SMS/MMS via the mobile voice/SMS/MMS network using a mobile broadband service.

The service is available to eligible new or existing credit approved customers.

The service is available to customers within the Optus 4G/LTE and 3G/HSDPA network coverage areas. When outside the 4G/LTE coverage area (or if your device is not 4G-enabled), the service operates on the Optus 3G/HSDPA network. 4G mobile Broadband coverage is available in limited areas only.

For use in Australia your device should be compatible with the Optus mobile network frequencies in Australia.

If your device was purchased from another service provider, you should check to ensure that your device not locked to that service provider or another network.

Critical Information Summary

Maximum Monthly Plan Charge

The maximum monthly plan charge will depend on

- Your chosen Go Europe & USA mobile Broadband plan;
- If you exceed the included monthly Broadband allowance for 'included' countries within your monthly billing cycle, and
- If you use your Globalgig service in any 'additional' Globalgig countries.

Early Termination

Early exit fees do not apply to month-to-month plans but we will not reimburse monthly charges on a pro-rata basis for the unused portion of a month. You are also required to pay any excess or overseas Broadband usage charges that you incurred up to your cancellation.

Other Information

Connecting other devices

With the Globalgig SIM you can tether your tablet to other devices.

Broadband Usage Alerts

We will notify you by email when your Broadband usage exceeds 50%, 85% and 100% of your mobile Broadband allowance. Please be advised there can be up to a 48-hour delay on Broadband usage records and therefore usage alerts. You can also obtain your Broadband usage information by calling Customer Care on 1300 281 582.
